EnVision master classes

Cutting edge sustainability for leadership teams

If you actively engage in innovation to maintain your competitive edge, our master classes will help you drive creativity and build value.

Investigate, explore and innovate your company’s approach with an EnVision session.

Who is it for?

- Leadership teams with responsibility for defining and developing long-term business success.
- Strategy, business innovation and market intelligence teams.
- Strategic Business Unit and operational team leaders.

<table>

</tr>
</tbody>
</table>

“Terrafiniti... have been instrumental in ensuring that I have been able to deliver value and realise new business opportunities for my organisations and their respective client bases.”

Jonathan Quigley, WWF International, World Economic Forum
Why take part?
Businesses need to navigate new territory, demonstrate their responsibility and sustainability throughout supply chains and to understand intimately the needs and intentions of their stakeholders.

This requires innovative sustainable strategies for management and growth.

The EnVision Master Classes provide insight, provoke creative thinking and help you unlock solutions that suit your own specific challenges.

Who has done it before?
Our training has been delivered in the UK, Europe, and throughout the world, and has included participants from:

Who has done it before?
Our training has been delivered in the UK, Europe, and throughout the world, and has included participants from:

Features
- Tailored to your company.
- Business relevant content.
- Big picture topics in bite size chunks.
- Cutting edge sustainability tools and approaches.
- Short, focused sessions.
- Post course strategic debriefing.

"Joss and his team gave us strategic insights which we could not have done ourselves. His constructive criticism, based on a genuine understanding of Aviva, was vital to us during a time of change.”
Tom Oxley, CR Manager, Aviva UK

Details
Location - your offices or other venue
