# EnVision master classes

Cutting edge sustainability for  
leadership teams

If you actively engage in innovation to maintain your competitive edge, our master classes will help you drive creativity and build value.

Investigate, explore and innovate your company's approach with an EnVision session.

## POSSIBLE SESSION TOPICS

## OUTCOMES

**Sustainable futures**

How your company can navigate & capitalise upon future scenarios

**UN Sustainable Development Goals**

Understand your role in the global sustainability agenda

**Global megatrends and sustainability context**

Understand the forces that shape your business future

**Developing transformational strategy**

A sustainable vision and strategy for your company

**Sustainability and innovation**

Unlock competitive strategies for a changing world

## Who is it for?

- ★ Leadership teams with responsibility for defining and developing long-term business success.
- ★ Strategy, business innovation and market intelligence teams.
- ★ Strategic Business Unit and operational team leaders.

"Terrafiniti... have been instrumental in ensuring that I have been able to deliver value and realise new business opportunities for my organisations and their respective client bases."

Jonathan Quigley, WWF International, World Economic Forum

## Why take part?

Businesses need to navigate new territory, demonstrate their responsibility and sustainability throughout supply chains and to understand intimately the needs and intentions of their stakeholders.

This requires innovative sustainable strategies for management and growth.

The EnVision Master Classes provide insight, provoke creative thinking and help you unlock solutions that suit your own specific challenges.

## Our experts

**Joss Tantram** (Partner, Corporate Sustainability) is a recognised expert in sustainable corporate strategy, reporting and management. With 15 years' experience in sustainability consultancy, combined with 5 years with WWF, he provides a mix of technical knowledge, passion and a track record of innovation in sustainability.

**Dr Dominic Tantram** (Partner, Environmental Sustainability) is a Chartered Environmentalist and sustainability professional with specialist skills in strategy, training and environmental analysis. He has worked on a range of consultancy and research projects for leading companies, universities and government.

INSTITUTE OF CORPORATE RESPONSIBILITY AND SUSTAINABILITY

Terrafiniti's partners are Inaugural Working Fellows of the ICRS

"Joss and his team gave us strategic insights which we could not have done ourselves. His constructive criticism, based on a genuine understanding of Aviva, was vital to us during a time of change."

Tom Oxley, CR Manager, Aviva UK
